

LETHBRIDGE

The story of the wine...

2017 Dr Nadeson Riesling

The Story:

Riesling Q & A

What is Riesling?

Riesling is a grape variety not to be confused with a wine style.

Just like Golden Delicious and Granny Smith are varieties of apples, Riesling is a variety.

Isn't Riesling sweet?

No! Not always. Riesling can be made from bone dry to downright sticky. This one is just off dry. I like to leave a touch of natural sugar to help balance out the high levels of natural acidity in the variety.

What can you pair with Riesling?

Just about everything! It pairs very well with Asian food, and sometimes with another bottle of Riesling.

Is it true that Rieslings age well?

Yes. Because of their high acidity and intense flavour the best Rieslings can have a very long life, aging gracefully for 15 to 20+ years. I would hope this to be true for the one you hold in your hand.

Ray

Tasting Notes: This wine is crisp and balanced, rich in citrus fruit flavours - lime, orange blossom and mandarin followed by hints of musk and stone fruit.

Vintage:	2017
Other vintages:	2006, 2008 - 2016
Grape variety:	Riesling
Vineyards:	Anakie Vineyard & Merkel Vineyard
Bottled:	June 2017
