## The story of the wine...

### 2015 Allegra Chardonnay

**The Story:** What does 'Allegra' mean to you?

Related to the musical term Allegro, meaning lively.

The Romansh word for hello

The name of an allergy medication.

The name of Lord Byron's illegitimate daughter.

The name of Donatella Versace's daughter

The name of Ray Nadeson's daughter.

A wine made by Ray Nadeson. A delicious finely structured and complex Chardonnay produced with natural yeast ferments and a very light touch. A textural wine where the minerality, concentration and tactile acidity from these old vines will shine through.

For me it is the last two!!
