The story of the wine...

2017 Lethbridge Viognier

The Story of the Wine: Viognier ("Vee-own-yay")

Hard to say easy to Drink. If you love to brood over bolder white wines like Chardonnay, Viognier is definitely something you should give a swirl.

Viognier is for those who love to stop and smell the flowers, fresh rose petal, honeysuckle, apricot flower, and peach abound, complementing the creamier aromas of vanilla, nutmeg and clove derived from the oak aging. If you like Chardonnay's weight you'll like the weight of Viognier and you'll notice it's often a little softer on acidity and rounder in the mouth. Altogether a variety worth trying. We made only 1300 bottles for just a play
