The story of the wine ...

2023 Stephanie Rosé

The Story: As winemakers we love to see a wine mature with time and while Rosé is not really a wine that delivers great things with time, the namesake of this wine, Stephanie, most certainly has done. From cartwheels to coding, watching Stephanie mature from the child Indra brought home from school at the age of 5 to a mature and wonderful woman has been a joy. As with our wines, we look forward to what the future holds for her and being part of her journey.

The Wine: This year we were unexpectedly offered a beautiful parcel of Nebbiolo from our friends in the Pyrenees. From the same pedigree as the 'il regalo di compleanno' Nebbiolo, it was an offer too good to miss. Made in an Italian style, whole bunches were gently pressed to extract a splash of colour and retain delicate aromatics. The juice was fermented long and cool by indigenous yeast and then aged on fine lees in large format old oak. The resulting wine is sophisticated, full-flavoured and complex, with lifted aromatics and finishing bone dry. In our opinion, the best Rosé Ray has ever made!
